The increase is mainly intended to improve the debt/equity ratio, redress the balance of sources of finance, and also to make it possible to have fresh financial resources to allocate to the Group's overall development.

Consequently, based on subscription commitments, 12,910,533 shares were subscribed, accounting for 77.026% of the shares involved in the capital increase, for a total of €22,980,748.74.

At the end of the period of offer 345,448 option rights, valid for subscription of a total of 128,793 ordinary shares, had not been exercised.

In compliance with the requirements of Article 2441, paragraph 3, of the Italian Civil Code, Marcolin will offer the aforementioned unopted rights on the Milan Bourse in the sessions of December 11th, 12th, 13th, 14th, and 15th. In the first session all rights will be offered, whilst in subsequent sessions any quantity not placed on the previous days will be offered.

Unopted rights will be made available to purchasers at Monte Titoli SpA (the Italian central securities depository) and will be able to be used for subscription of new Marcolin ordinary shares with a par value of € 0.52 each, normal entitlement, at the price of € 1.78 per share, at a ratio of 3 newly issued shares for every 8 rights.
